## BOARD OF GOVERNORS

By FOLIO Staff

At its July 9 meeting, the Board of Governors appointed GEORGE FORD as Dean of Engineering. He is a graduate of The University of Alberta, and has been a staff member since 1948, and Chairman of the Department of Mechanical Engineering since 1959.

The Board approved the name change of the Faculty of Graduate Studies. The Faculty will now be known as the "Faculty of Graduate Study and Research."

The Faculty's research policy statement was also approved. The statement reads, "The University of Alberta recognizes that one of the main purposes of University research is the discovery and dissemination of new knowledge. Research, therefore, which is pursued under conditions which preclude normal publication is not compatible with University policy, and any exception to this principle shall be subject to formal review procedures by the University. All research theses accepted in partial fulfillment of degree requirements shall be accessible in the University Library, unless the Graduate Faculty Council shall have voted that a particular thesis should not be generally available."

The question of faculty membership on the Board was discussed. The Board was reluctant to increase faculty membership, now comprising two voting members, but it agreed to investigate the method of their appointment. At present under The Universities Act they are nominated by the General Faculties Council and appointed by the Lieutenant-Governor in Council.

The Board moved that the section of The Universities Act pertaining to powers of delegation within the University be changed. Under the Act, the President may delegate responsibility to a Vice-President, but a Vice-President may not delegate responsibility to an Associate Vice-President, which is rather a nuisance for Vice-Presidents. As an interim measure the Board passed a resolution empowering an Associate Vice-President to perform the Vice-President's duties when the Vice-President is absent or for any reason unable to perform an assigned responsibility.

The Board approved the addition of a day care centre and adjoining playground to the Students' Union housing project, a long range power utilities study, and a fifty-cent increase in Students' Union fees, effective in 1972.

Discussion of the University's policy of withholding students' marks as a penalty for various offences was tabled.

## PEOPLE

■ L. G. THOMAS, Professor, and former Chairman, of History, was elected vice-president of the Canadian Historical Association at its annual meeting in St. John's, Newfoundland. Election to this position carries the right of succession to the presidency in the following year.

■ M. W. JACKSON, a doctoral candidate in the Department of Political Science, was in Ottawa to attend the third annual meeting of the Association of the Scientific, Engineering, and Technological Community of Canada (SCITEC) as a representative of the Graduate Students' Association. Mr. Jackson was one of two students elected to the governing council.

■ HENRY H. MAMET, Director of the Department of Radio and Television, has been elected chairman of the board of the Educational Television and Radio Association of Canada. The Association is a professional organization serving the needs of educational broadcasters at all levels.

■ MAXWELL L. HOWELL, Chairman of the Department of Physical Education, will be having two books published in Germany next month by Verlag Bartets and Wernitz KG. The publications are on the history of sport in ancient civilizations and have been written in collaboration with German scholars.

■ At the Pacific Northwest Region Conference of the Council of Educational Facility Planners, held at Banff in June, a panel program was presented on the "Contractual Aspects of the Humanities Centre Building," now under construction on this campus. Participating on the panel were J. F. FORREST, Professor of English and chairman of the faculty building committee; J. MCINTOSH, architect; F. E. BROWN of Alta-West Construction Company, and A. T. ROBERTSON and BAXTER DICK of the Campus Development Office.

*Those trying to reach Rutherford Library through its main entrance will find their way obstructed by a deep hole and lots of mud. The new entrance is the door on the west side of the building, facing the Medical Sciences Building, and marked Extension Library. This opens into a hallway that leads eventually to the main foyer.*

## NOTICES

### EAST PAKISTAN RELIEF FUND

Contributions to the India Students' Association Relief Fund now total \$1,100. In response to the first instalment of \$500 sent on June 6, the Association received a letter from MRS. INDIRA GANDHI's private secretary expressing the Prime Minister's appreciation and her desire that her thanks be conveyed to the donors. The Council of the Students' Union passed a resolution on June 21 expressing their support of the relief campaign. Donations are still being accepted and cheques may be sent to the India Students' Association Relief Fund, Box AS 103, The University of Alberta, Edmonton.
